The O.R.B Highlights

Touch it. Book it.

The O.R.B Workspace invites users to navigate towards resources that got booked, and optionally confirm with a simple touch or NFC scan. With clear visual cues and intuitive response, the O.R.B Workspace makes booking and confirmation actions fast, visible and effortless. Discover its unique highlights.

Interaction button

Allows users to directly and reliably confirm actions.

Software-agnostic

Can work seamlessly with different applications or systems.

Full RGB LED ring

12 Individually controllable full RGB LEDs, enabling high-visibility visual cues.

NFC Module

Enables effortless identification and trigger-based interactions.
